

How to Tie a Square Knot

Make this S shape on the left hand side of your necktie

Take the right hand side between the S shape. Under the first piece then over the next two.

Take it round and under the first piece, over the next piece and under the last.

Take it round and over the first piece, over the next piece and under the last.

Finally pull tight.

Try to arrange the knot so that no green is showing and you only have a two short red ends showing.
